Notices

n4011c00: Counterweight screws

Use code C00194612 (screw with larger diameter) in case of fixing counterweight on the original plastic tub of the machine

Use code C00194611 in case of fixing counterweight on a new plastic tub used as spare part

NOTE:
When /if replacing the Plastic outer drum assembly ensure the correct counterweight screws are used.

n4017f01: NEW GLOBAL WHITE INTRODUCED ..

Starting from April 2017 on the productions of Fabric Care factories of Comunanza, Manisa, Radomsko and Lipetsk a new WHITE called “Global White” has been introduced, replacing the previous one Polar White.
All the new Global White products maintained the same commercial code, even though the industrial code will be modified inserting in the last two digits ==> “97”, as the following example:

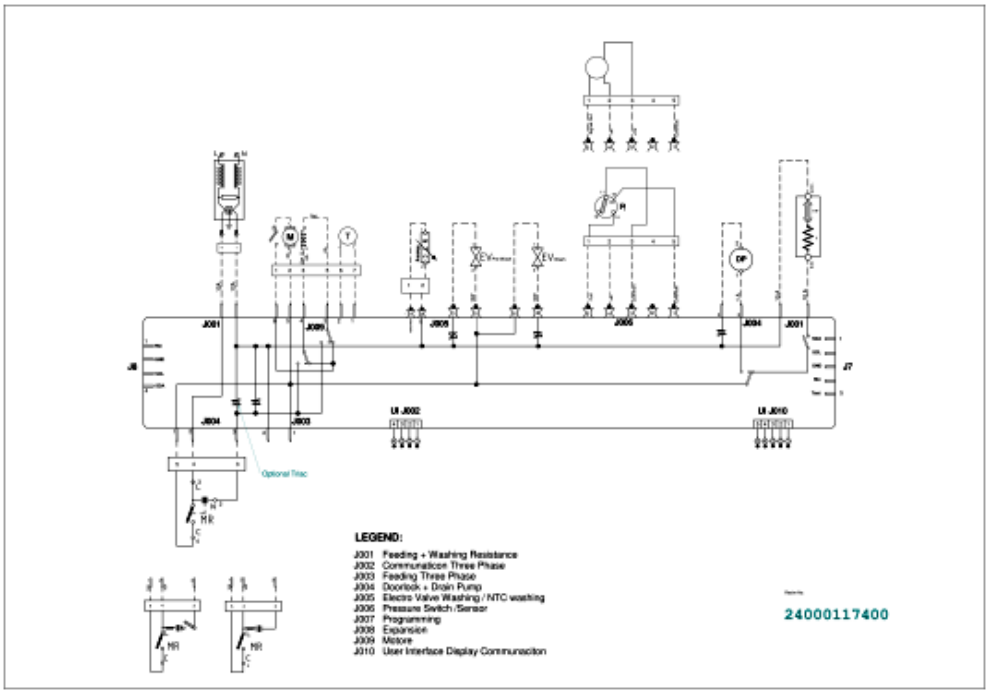

IWD61052CECOPL ==> F089961
30899610000 = Polar White
30899610097 (o later) = Global White

The new Global White components (all identified with “GW” in each description), due to a big difference of colour between Polar and Global, are not aesthetically interchangeable with the previous Polar White.
The Polar White spare parts will continue to be managed by Spare Part Center Warehouse for a limited time period.

When the stock of Polar White ends, the direct substitution with Global White will be managed.
