n4017f01: NEW GLOBAL WHITE INTRODUCED ..

Starting from April 2017 on the productions of Fabric Care factories of Comunanza, Manisa, Radomsko and Lipetsk a new WHITE called “Global White” has been introduced, replacing the previous one Polar White.
All the new Global White products maintained the same commercial code, even though the industrial code will be modified inserting in the last two digits ==> “97”, as the following example:

IWD61052CECOPL ==> F089961
30899610000 = Polar White
30899610097 (o later) = Global White

The new Global White components (all identified with “GW” in each description), due to a big difference of colour between Polar and Global, are not aesthetically interchangeable with the previous Polar White.
The Polar White spare parts will continue to be managed by Spare Part Center Warehouse for a limited time period.

When the stock of Polar White ends, the direct substitution with Global White will be managed.

n4021g03: NEW INNEX 360 DISPENSER ASSEMBLY INTRODUCED

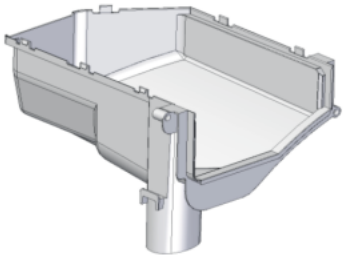

A new INNEX dispenser assembly 360 BKS has been introduced (spare part code C00731599).

IN ==> C00731599 INNEX dispenser assembly 360 BKS, backsiphonage compliant
OUT ==> C00302514 INNEX DISPENSER ASSEMBLY 360

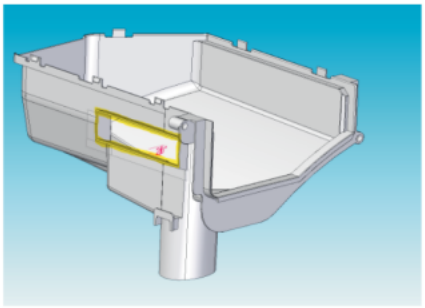

New code C00731599 can be used in place of the old C00302514 , but not vice versa.

More details in the picture attached.

dispenser housing before modification

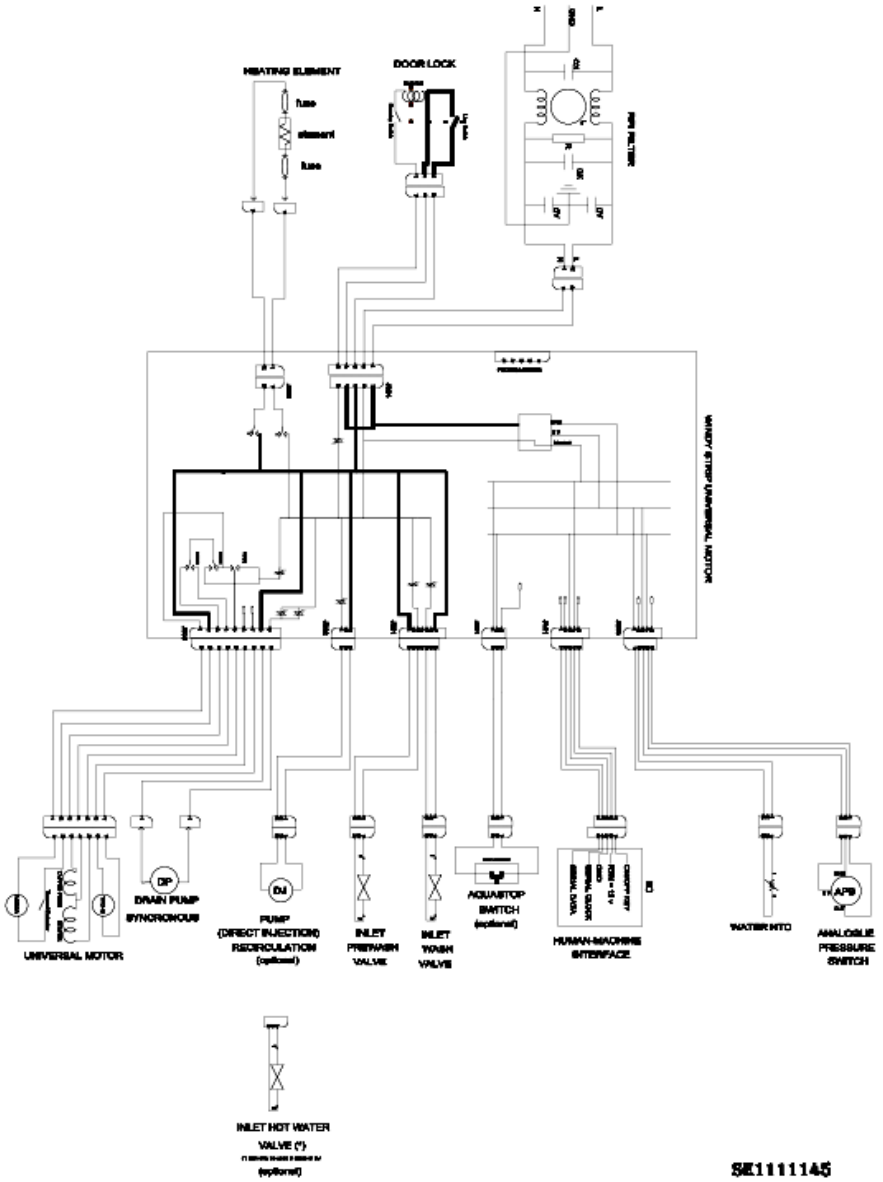

dispenser housing after modification (BKS compliant)
