INDESIT company

Model type:

HLQV8ATK/HA

Commercial code:

F084601

General notes

Technical Documentation guidelines

You can find herewith some generic information to simplify cunsulting of technical documentation:

1. Models of same range share the same exploded views, which report the richest set of spare parts:generally, a model does not necessarly have a related spare part for each particular shown on exploded views.

2. Some spare parts can not be represented directly on the exploded views (instruction booklets, specific kit, etc...). You can find those codes in the spare parts list with the same reference of particular where spares are installed or with references 099, 999. Instruction booklets, once managed, appear with 000 reference.

3. On the higher right site of each exploded view there is a serial number which indicates the beginning of the production of certain range:some models might have more than an exploded view for a given category, each distinguished by a different serial no.and linked to another spare parts list, In this case, serial no. is required to supply the right spare part code. Exploded view to be considered is the one with a more recent serial no. but previous than the one of the model that needs assistance.

4.Exploded views might require further updates even after publishing. Addition of new spares will go on following the already existing numeration references. Revision number of an exploded view is shown into last four digits of serial number into upper right hand corner.

5.The spare parts list associated to an exploded view shows related codes of spares managed for a certain model; for each spare part other informations are available:

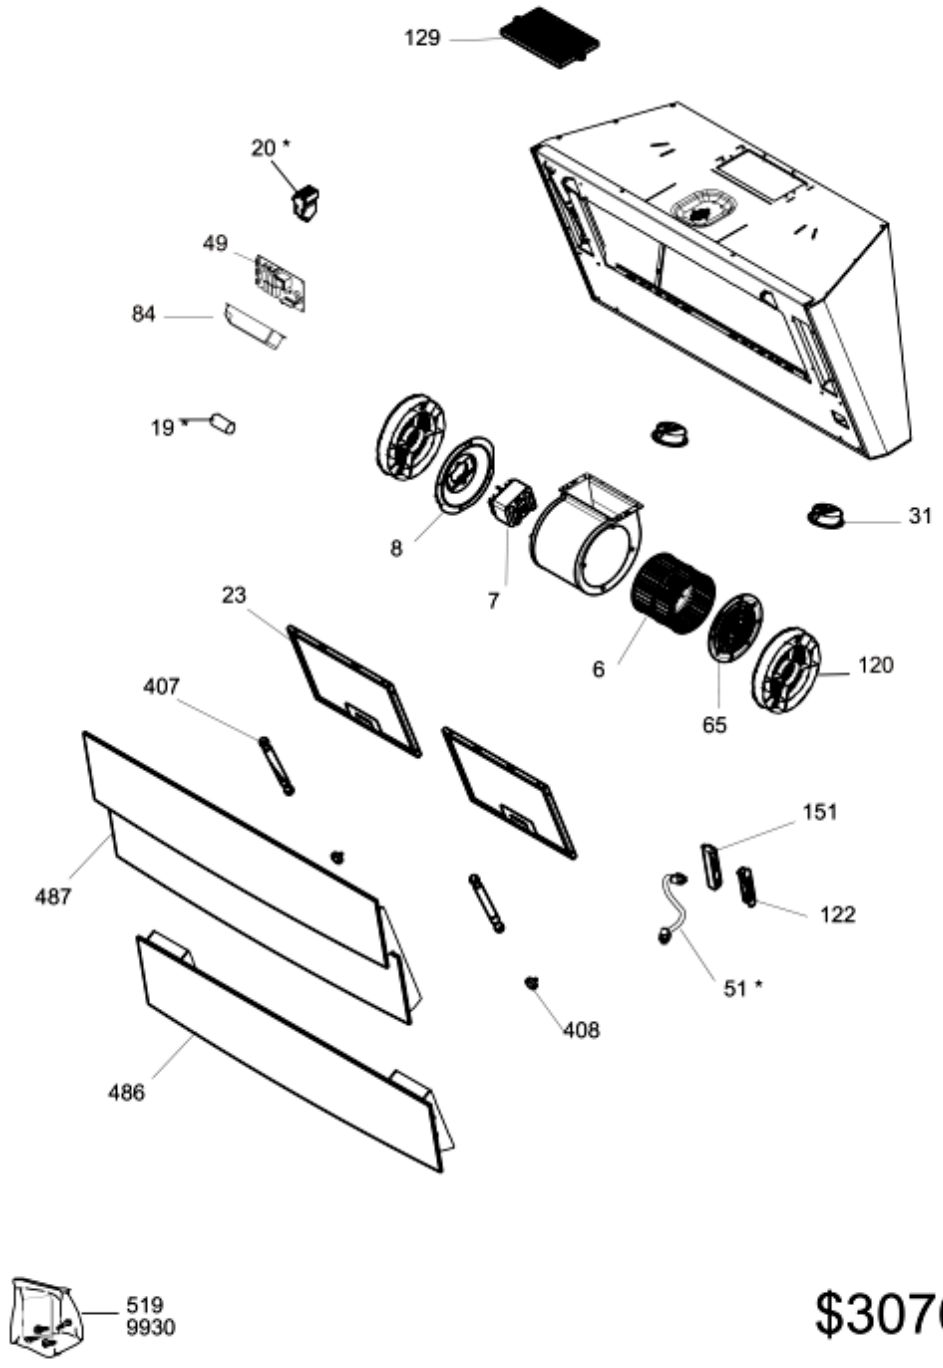

REF: reference no of spare into a table; SUBSTITUTE: list of spare(s) which can replace a code but that keeps same functional characteristics

INDUSTRIAL CODE: list of variables of a model (shown into model label) where such spare is used; NOTICE: code of information(s) to refer to complete technical intervention, track for changes or to find correct spare part code.

6. Some notices, into a same section are generic therefore cannot be directly linked to a spare part. In order to assist a model in the best way as possible, it is helpful to pay attention to all notices and constantly verify documentation updates

7.Technical documentation cover shows model name and its commercial codes

$3076 Exploded views

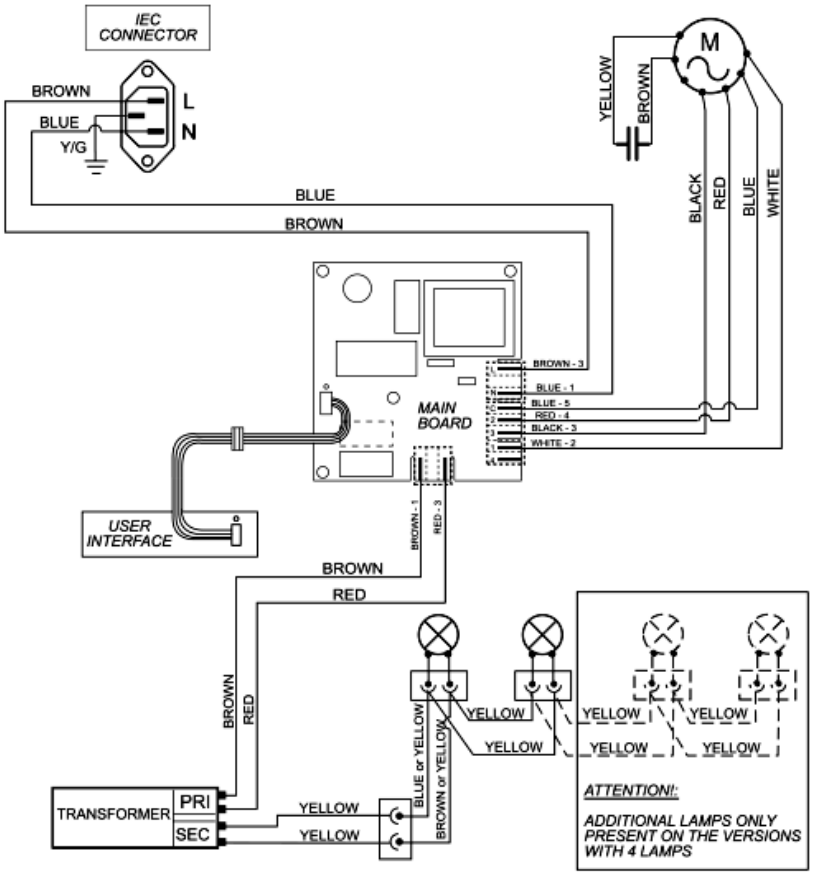

$3076 Spare parts list

Ref.	Code	From	To S/N	Substitute	Description	Notice	Industrial
006	C00090119				motor propeller		
007	C00304292				motor counterclockwise rotation		
008	C00296519				support motor		
019	C00302795				capacitor		
020	C00301319				noise filter		
023	C00096867				grease filter		
031	C00304293				lamp		
049	C00301320				electronic variator		
051	C00304294				wiring		
065	C00296521				suction compressor		
084	C00264365				transformer		
120	C00301323				carbon filter		
122	C00301324				complete slider		
129	C00274395				flame shield u.a. bus stop		
151	C00301326				slider support		
407	C00304295				slow motion		
408	C00304296				magnetic pin		
486	C00304297				inner glass		
487	C00304298				outer glass
