INDESIT company

Model type:

HLB9.8AAXHA

Commercial code:

F082024

General notes

Technical Documentation guidelines

You can find herewith some generic information to simplify cunsulting of technical documentation:

1. Models of same range share the same exploded views, which report the richest set of spare parts:generally, a model does not necessarly have a related spare part for each particular shown on exploded views.

2. Some spare parts can not be represented directly on the exploded views (instruction booklets, specific kit, etc...). You can find those codes in the spare parts list with the same reference of particular where spares are installed or with references 099, 999. Instruction booklets, once managed, appear with 000 reference.

3. On the higher right site of each exploded view there is a serial number which indicates the beginning of the production of certain range:some models might have more than an exploded view for a given category, each distinguished by a different serial no.and linked to another spare parts list, In this case, serial no. is required to supply the right spare part code. Exploded view to be considered is the one with a more recent serial no. but previous than the one of the model that needs assistance.

4.Exploded views might require further updates even after publishing. Addition of new spares will go on following the already existing numeration references. Revision number of an exploded view is shown into last four digits of serial number into upper right hand corner.

5.The spare parts list associated to an exploded view shows related codes of spares managed for a certain model; for each spare part other informations are available:

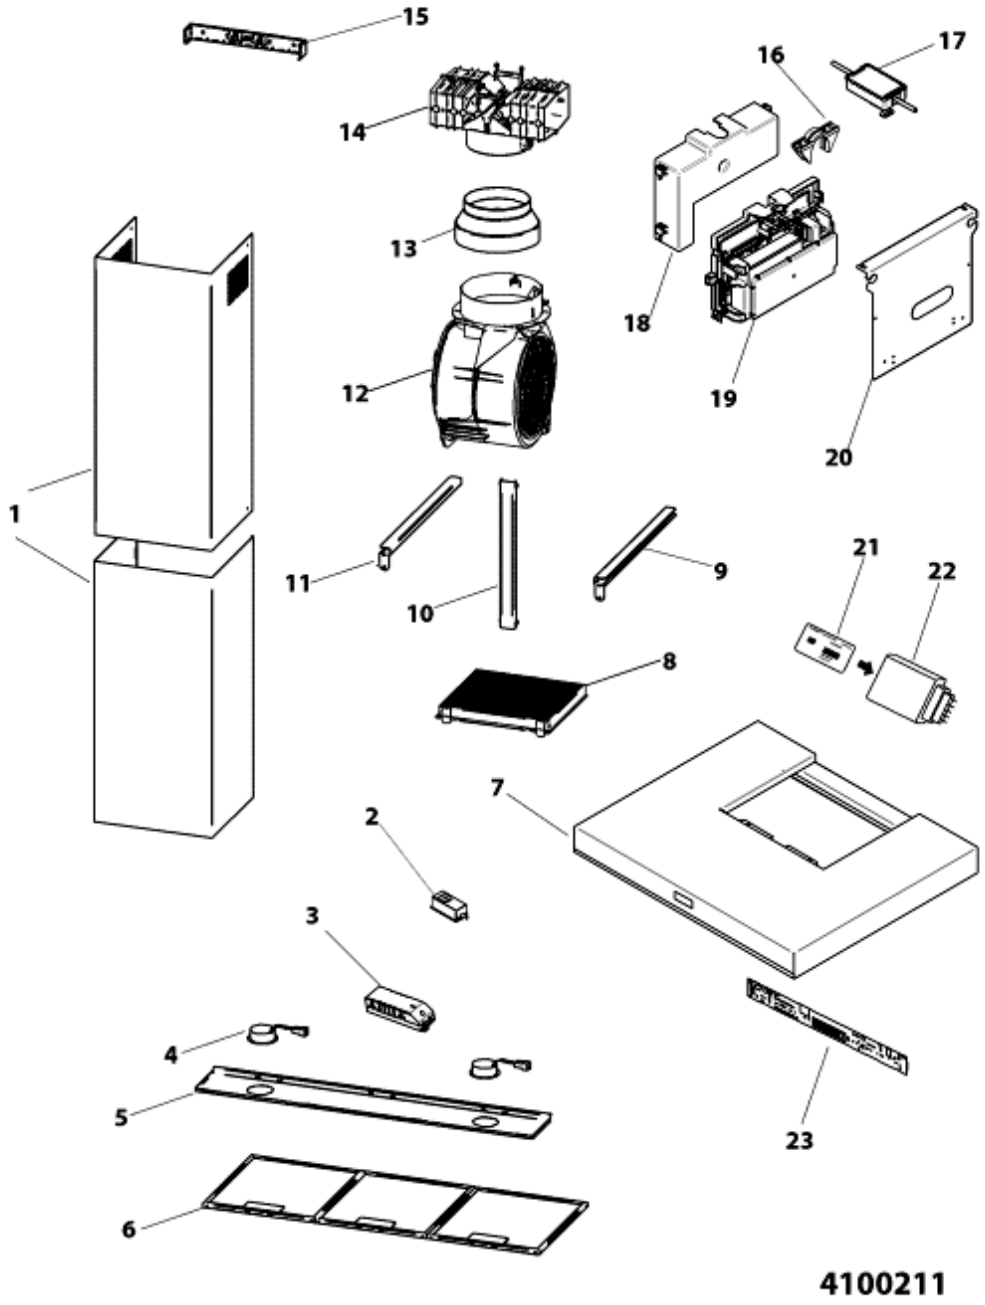

REF: reference no of spare into a table; SUBSTITUTE: list of spare(s) which can replace a code but that keeps same functional characteristics

INDUSTRIAL CODE: list of variables of a model (shown into model label) where such spare is used; NOTICE: code of information(s) to refer to complete technical intervention, track for changes or to find correct spare part code.

6. Some notices, into a same section are generic therefore cannot be directly linked to a spare part. In order to assist a model in the best way as possible, it is helpful to pay attention to all notices and constantly verify documentation updates

7.Technical documentation cover shows model name and its commercial codes

4100211 Exploded views

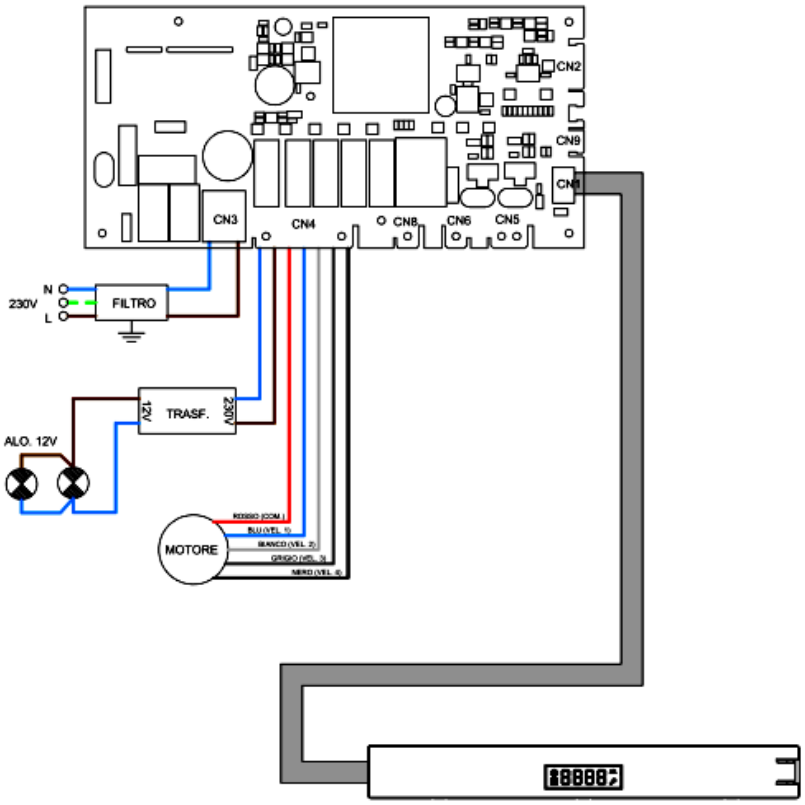

4100211 Spare parts list

Ref.	Code	From	To S/N	Substitute	Description	Notice	Industrial
001	C00300651				kit chimney upp+low t-box luce		
002	C00192903				this item is not fitted to this model		
003	C00298185				transformer 230v ac /11.5v ac		
004	C00298186				complete halogen lamp 20w 12v		
004	C00299952				wiring for halogen lamp 90		
005	C00298736				2 halogen lights trim t-box 90 2h		
006	C00298161				metal grease filter		
007	C00301572				display card + glass panel tbox 90		
008	C00298735			1 x C00308181	carbon filter 27x24 box		
009	C00299942				chimney bracket right l=41 t-box		
010	C00298756				wiring guide 307mm t_box		
011	C00299941				chimney bracket left l=41 t-box		
012	C00089120			1 x C00011116	self-tapping screw 8px12,7		
012	C00298232			1 x C00306242 1 x C00306271	motor gpz 850		
013	C00298182				reduction pipe 150/120mm		
014	C00298726				air outlet tube l=274		
015	C00298751				chimney mounting bracket		
016	C00299948				cable clamp		
017	C00299936				radio interference suppressor		
018	C00299944				mainboard box cover		
019	C00299939				hoods mainboard + base touch		
020	C00299938				serial port cover		
020	C00299949				mainboard bracket t-box		
021	C00299951				card med 4 std no f 8kb sw		
022	C00289047				new hardware key bluetooth+usb		
022	C00289048				new hardware key usb		
099	C00046015				cable clamp with adhesive		
099	C00056213				self-tapping screw 3,5x9,5ttl/cr		
099	C00285883			1 x C00291294	pvc protector black long 275mm		
099	C00298270				rawplug d.8x40 + screw 5x50		
099	C00299937				wiring hood motor 4vel+lights
