Notices

n4014c02: TUB ASSEMBLIES WITHOUT HEATING ELEMENT

Starting from week 10/2014 all tub assemblies involved in this technical notice will be provided without heating element.
The tub assemblies will not have the heating element clip (already removed in production starting from the end of 2012); the mechanical assembly of the heating element to the tub will be absolutely unchanged.

Please Note: When replacing the drum ensure the correct heating element is fitted.
Ensure a Steam element is fitted to appliances that have Steam functions.

n4017f01: NEW GLOBAL WHITE INTRODUCED ..

Starting from April 2017 on the productions of Fabric Care factories of Comunanza, Manisa, Radomsko and Lipetsk a new WHITE called “Global White” has been introduced, replacing the previous one Polar White.
All the new Global White products maintained the same commercial code, even though the industrial code will be modified inserting in the last two digits ==> “97”, as the following example:

IWD61052CECOPL ==> F089961
30899610000 = Polar White
30899610097 (o later) = Global White

The new Global White components (all identified with “GW” in each description), due to a big difference of colour between Polar and Global, are not aesthetically interchangeable with the previous Polar White.
The Polar White spare parts will continue to be managed by Spare Part Center Warehouse for a limited time period.

When the stock of Polar White ends, the direct substitution with Global White will be managed.

n4021j00: NEW ROTATING DISPENSER ASSEMBLY 535 WM INTRODUCED

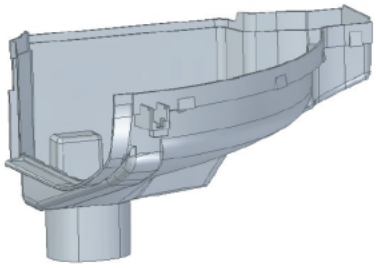

A new rotating dispenser assembly BKS has been introduced (spare part code C00764372).

IN ==> C00764372 ROTATING DISPENSER ASSEMBLY 535 BKS_COM , backsiphonage compliant
OUT ==> C00285913 ROTATING HOPPER COVER MAXI 535 1E2U

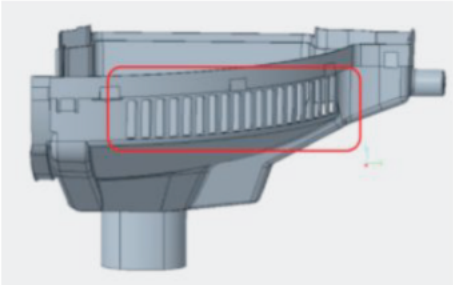

IN ==> C00738513 DISPENSER BODY HOUSING 535 BKS
OUT ==> C00300304 DISPENSER BODY HOUSING 535

New codes C00764372 / C00738513 can be used in place of the old C00285913 / C00300304 , but not vice versa.
